RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to the Election/Restriction Requirement mailed October 18, 2005, please consider the following:

The Examiner requires a restriction under 35 U.S.C. §121 and §372. The Examiner alleges that the application includes two groups of claims (Group I, Claims 1-20 and Group II, Claims 21-28).

MPEP Section 803.01, in pertinent part, states:

If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on merits, even though it includes claims to independent or distinct inventions.

A serious burden on the Examiner may be prima facie shown if the Examiner shows by appropriate explanation a

separate classification, or separate status in the art, or different field of search is required.

Here, the Examiner has failed to establish a prima facie showing that a restriction is proper. The Examiner has failed to show separate classification, separate status in the art or that a different field of search is required. Accordingly, the Examiner must examine the alleged two groups since a serious burden does not exist.

In the event that the Examiner disagrees with Applicants' position, Applicants elect Group 1, Claims 1-20.

Should the Examiner have any questions regarding the present application, she should not hesitate to contact the undersigned at (248) 641-1600.

Respectfully submitted,

W.R. Duke Taylor
